

ELECTRICAL TAPBOX

Mechanical Lug Connection Type Electrical Tapboxes

Overview

Power Assemblies' newest product addition allows for versatile connections of multiple electrical circuits in a single enclosure. The Electrical Tapbox comes in (5) five different amperages and rated NEMA 12/4. Each unit comes factory tested and ready to install in your building to help you power what matters. The tapbox's compact design and mechanical lug connection options allow the user a flexible installation. The unit is top/bottom feed ready but can accommodate side entry as well.

Features and Benefits

Mechanical lug connections

ANSI-61 gray powder coated 0.075 carbon steel for long life and corrosion resistance

Top and bottom facing lugs make installation a breeze

UL 50 listed enclosure

Five different size units from 400A to 3000A to meet your facility's needs

NEMA 12/4 enclosure with foam gasket and recessed hinge suitable for wind-driven rain applications

Industries and Applications

GENERATOR CONNECTIONS

LOAD BANK TESTING CONNECTIONS

SWITCHGEAR CONNECTIONS
